

Certificate of Internship

We hereby certify that:

Mohamed Tawhid, a student studying under the degree programme titled “Master’s Degree Erasmus Mundus in Interdisciplinary Mathematics” at the Universitat Autònoma de Barcelona, in Spain

Has completed an internship as part of his studies:

- Duration: 6 months
- Internship start and end dates: From 2 February 2026 to 31 July 2026

Made in Brussels, this day the 4 August 2026

CERTIFICATE OF COMPLETION

awarded to

Mohamed T. Ahmed

for your continued dedication and excellence as
Green Energy Support

February 2024 - July 2024

Granted on **19 July 2024** at UN City
Copenhagen, Denmark

DocuSigned by:

A handwritten signature in black ink, appearing to read 'G. Demeules', is placed over a horizontal line.

Gerald Demeules
Global ICT Advisor, UNDP

UNITED NATIONS DEVELOPMENT PROGRAMME
Information & Technology Management

CERTIFICATE OF APPRECIATION

this certificate is presented to

Mohamed T. Ahmed

*in recognition of your outstanding
contributions towards sustainable development*

Awarded on **19 July 2024** at UN City Copenhagen, Denmark

DocuSigned by:

2F18EC837108A05

Gerald Demeules
Global ICT Advisor, UNDP

CERTIFICATE OF ATTENDANCE

FOUNDATION | PRACTITIONER TRAINING

Implementing Renewable Energy Solutions and the 7-Step Best Practice

The 7-Step methodology is recognised by UNSDG as best practice for the implementation of solar energy projects

DENMARK, 01 - 16 FEBRUARY 2024

Mohamed TAWHEED

The training covered the ITM 7-step methodology, highly recommended to project operations as they eliminate ambiguities and present clear milestones from the project's inception to final commissioning. The process includes:

- Step 1 - Energy Audit & Assessment using IoT
- Step 2 - Business Case
- Step 3 - Procurement
- Step 4 - Site Survey
- Step 5 - Design
- Step 6 - Installation
- Step 7 - Operation & Maintenance

Gerald Demeules
Global ICT Advisor

Copenhagen, 16 FEBRUARY 2024

Certificate ID: DK 001 00030

SIEMENS

Participation Certificate September 2021

This is to certify that

Mohamed Tawheed

has successfully completed the hybrid program

Best-in-Class 2021

Digital Grid and Smart Energy Track

We would like to thank him for the outstanding collaboration
and performance during this program.

Moustafa El-Bagoury
Chief Executive Officer

Certificate of Completion

ABB Summer “externship” Egypt 2022

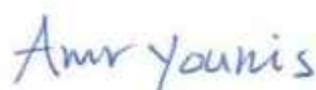

AWARDED TO

Mohamed Tawheed
Ain Shams University

For Completing “ABB Summer Externship”– Egypt 2022”,
from August 7th – 31st, 2022

The intern has successfully fulfilled the following:

1. Minimum of 70 online training modules - 28 training hours including essential training level on ABB MyLearning Portal
2. 8 interactive online sessions covering ABB complete portfolio

A handwritten signature in blue ink that reads 'Amr Younis'.

Amr Younis
Technical Promotion Manager

A handwritten signature in blue ink that reads 'Ashraf Farouk'.

Ashraf Farouk
Country Human Resources Manager

CERTIFICATE

Mr

Mohamed Saeed Tawheed

participated in

Modern electrical engineering – International Summer School of Faculty of Electrical
Engineering

during July 3, 2023 to July 15, 2023
in Warsaw University of Technology

PRODZIEKAN
Wydziału Elektrycznego
Politechniki Warszawskiej

Dr hab. inż. Dariusz Baczynski, profesor uczelni

.....
date and signature of the organizer

Description of the learning outcomes:

Knowledge: the student knows the basics of metrology and signal processing, computational methods in technology, electronics and power electronics, power engineering, energy distribution and transmission, and electromobility.

Skills - assimilated in the learning process the ability to perform simple tasks and solve problems specific to electrical engineering.

Social competences - acquired the ability to independently and responsibly participate in professional and social life and shape his own development.

Faculty of Electrical Engineering

WARSAW UNIVERSITY OF TECHNOLOGY

Supplementary

Course name: „Modern electrical engineering” - International Summer School of the Faculty of Electrical Engineering

Participant: **Mohamed Saeed Tawheed**

Duration of course: from 2023-07-03 to 2023-07-15

Place: online, Warsaw University of Technology, Poland

No.	Subject	Number of hours [h]	Grade	ECTS
1	Introduction to the power industry	10	4,5	1
2	Energy distribution and transmission networks	10	4,5	1
3	Electrical installations	10	5,0	1
4	Fundamentals of electronics and power electronics	10	4,5	1
5	Computational methods in technics	10	3,0	1
6	Electromobility	10	5,0	1
7	Technical measurements and signal processing	10	4,0	1
8	Popularization of Polish culture and education in Poland	5	5,0	-

Grading scale:

5,0 – very good,
4,5 – above good,
4,0 – good,
3,5 – fairly good,
3,0 – satisfactory,
2,0 – poor.

Schneider Electric Certificate

Mohamed Tawheed

has successfully completed the following course:

Energy University

Date August 2021

**Solutions Development & Customer Training VP
Hany Shaltout**

SHAKER

CONSULTANCY GROUP

CERTIFICATE OF COMPLETION

This is to certify that

Mohamed Saeed Tawheed

Has successfully completed Shaker Academy's graduate 2023 training course in

Electrical Engineering

Course Duration: September 24th till November 23rd 2023

Dr. Ismail Shaker
CEO
Shaker Consultancy Group
