Universitat Autònoma de Barcelona

PERSONAL ACADEMIC CERTIFICATE

Ms Esther Zapater Duque, General Secretary of the Universitat Autònoma de Barcelona

I CERTIFY: that the following data are in accordance with the documents available to us at this university,

STUDENT INFORMATION

Name and surname: Mohamed Said Tawhid Ahmed

ID Number/Foreigners' ID/passport: A38927069

Place of birth: Bani Souwaif

Date of birth: 1 April 2000

INFORMATION ON ADMISSION TO STUDIES

Admission to studies: Bachelor of Science (Electrical Engineering)

INFORMATION OF THE STUDIES

Centre: Faculty of Science

Studies: Master's Degree Erasmus Mundus in Interdisciplinary Mathematics

Date of payment of the fees for the award of the diploma:

Weighted average grade: 0-10

9,31 Average grade calculated according to the scale 0-10 in accordance with the RD 1125/2003, Sept. 5 (GC 19/03/2015)

LIST OF SUBJECTS INCLUDED IN THE ACADEMIC RECORD

Subject	Academic year	Conv. 1	Conv. 2
44554 Case Studies of Optimisation Problems in Industry 6,0 credits (Optional subject, Second Year of degree) Carried out in English	2025/26	F 9,0 A	

Aquest document ha estat signat electrònicament en virtut de l'article 42 de la Llei 40/2015 de règim jurídic del sector públic. Es pot validar aquest document accedint a la seu electrònica de referència.

Subject	Academic year	Conv. 1	Conv. 2
44557 Project Management 3,0 credits (Optional subject, Second Year of degree)	2025/26	F 9,3 A	
44572 Combinatorial Optimisation 6,0 credits (Optional subject, Second Year of degree) Carried out in English	2025/26	F 9,6 A	
44578 Simulation and Bayesian Networks 6,0 credits (Optional subject, Second Year of degree) Carried out in English	2025/26	F 7,8 B	
44583 Decision Making in Logistics 9,0 credits (Optional subject, Second Year of degree)	2025/26	F 9,0 A	
44585 Master's Thesis 30,0 credits (Final project, Second Year of degree)	2025/26	J 9,7 A	

SUMMARY TABLE OF THE ACADEMIC RECORD

Total number of subjects passed: 6

Total number of credits passed: 60

The designated exam periods have the following description: **F**: February, **J**: June.

The total number of subjects passed that are listed in this certificate is 6, with a total of 60 credits, broken down in this way

Credits by type	Passed	Remaining	Necessary
Optional subject	30,0	30	60,0
Final project	30,0	0	30,0

ADDITIONAL INFORMATION: THE AUTONOMOUS UNIVERSITY OF BARCELONA

The Autonomous University of Barcelona is a Catalan public university located on three campuses in the metropolitan region of the city of Barcelona.

It is governed by the Organic Law on Universities, by the Law on Universities of Catalonia

and the regulations for the development of these laws that the State and the Catalanian Government regulate by virtue of their respective powers

Aquest document ha estat signat electrònicament en virtut de l'article 42 de la Llei 40/2015 de règim jurídic del sector públic. Es pot validar aquest document accedint a la seu electrònica de referència. ADDITIONAL INFORMATION: GRADING SYSTEM

Students' academic performance is assessed on a numerical scale from 0 to 10, where 5 is the minimum pass mark. The correspondence with the qualitative qualifications passed at UAB is as follows:

RD 1125/2003 Scale 0-10	RD 1044/2003 Scale 0-4	Scale ECTS
Not submitted / Not evaluable	Not submitted / Not evaluable	-
Failed: 0.0-4.9	Fail: 0	F
Pass: 5.0-6.9	Pass: 1	C
Merit: 7.0-8.9	Merit: 2	B
Distinction: 9.0-10	Distinction: 3	A
First Class Honours: 9.0-10	First Class Honours: 4	A+

* Els Ensenyaments Artístics Superiors són Ensenyaments no Universitaris dins del Sistema Educatiu espanyol d'Ensenyament Superior

* Las Enseñanzas Artísticas Superiores son Enseñanzas no Universitarias dentro del Sistema Educativo español de Enseñanza Superior

* Advanced Artistic Education is non-university education within the Spanish Higher Education System

And for the record for the appropriate purposes and at the request of the person concerned, this certificate is issued.

page 1 of 2

This document certifies that the student AHMED MOHAMED SAID TAWHID born in Bani Souwaif - Egypt on 01/04/2000 is registered for the academic year 2025/2026 in the second year regularly of the Second Cycle Degree in MATHEMATICAL MODELLING (LM-44 - Mathematical modelling for engineering -) at University of L'Aquila.

The student AHMED MOHAMED SAID TAWHID entered at the first year of the course in Second Cycle Degree in MATHEMATICAL MODELLING (LM-44 - Mathematical modelling for engineering -) at University of L'Aquila in the academic year 2024/2025.

The normal program duration is two years.

Student's academic results:

	DESCRIPTION	DATE	MARK	YEAR	ECTS	CV
1	Mathematical Modelling of Continuum Media	13/01/2025	30/30	1	3	
2	Control systems	20/01/2025	29/30	1	6	
3	Italian language for foreigners (level A1)	05/02/2025	28/30	1	3	
4	Dynamical systems and bifurcation theory	13/02/2025	19/30	1	6	
5	Applied partial differential equations	14/02/2025	22/30	1	6	
6	Real and Functional Analysis	05/09/2025	20/30	1	6	

This certification is issued in unstamped In tutti gli altri casi applicare la marca da bollo dell'importo vigente.

The Faculty of Engineering, Ain Shams University certifies that:

Mohamed Saeed Tawheed Ahmed

Student Code: 19P4083

Born in: Bani Sweef

National ID: 30004012201435

Nationality: Egyptian

Has been awarded the Bachelor Degree of Science in Electrical
Engineering

Program: Energy and Renewable Energy Engineering

Graduated in: June 2023

Cumulative GPA: 3.42 out of 4.0 with honor

Project GPA: 4 out of 4.0

The duration of study is minimum 9 semesters and the study language is
English.

Faculty Approval Date: 18/7/2023, University Approval Date: 11/9/2023.

Bachelor of Engineering - Record of Achievement

This Bachelor of Engineering follows the model of the faculty of engineering council and (National Academic Reference Standards) NARS. The purpose of the supplement is to provide sufficient independent data to improve the international "transparency" and fair academic and professional recognition of qualifications (diplomas, degrees, certificates, etc.) It is designed to provide a description of the nature, level, context, content and status of the studies that were pursued and successfully completed by the individual named on the original qualification to which this supplement is appended. It should be free from any value-judgements, equivalence statements or suggestions about recognition. Information is in all eight sections.

Information Identifying the Holder of the Qualification

Name: Mohamed Saeed Tawheed Ahmed
Date of Birth: 01-04-2000
Nationality: Egyptian

National ID: 30004012201435
Student ID: 19P4083

Information Identifying the Qualification

Qualification: Bachelor of Science in Electrical Engineering
Program of Study: Energy and Renewable Energy Engineering

Language of Instruction: English
Awarding Institution: Faculty of Engineering

Information Identifying the Holder General Grade

Cumulative GPA: 3.42 with honor
Achieved Cumulative Credit Hours: 170
Graduation Project GPA: 4

Overall Ranking: 12 out of 92
Total Cumulative Credit Hours: 153
Graduated In: June 2023

Grade Classification

The GPA of each course is calculated based on the marks a student collects during his study of this course (Student Activities – Mid Term Exam – Oral/Practical – Final Exam). The following table shows how to calculate the GPA based on the collected marks. The student must get a minimum Grade D in order to pass the course and be considered in the calculation of the Cumulative GPA.

Percentage achieved	Grade	Points
More than 97%	A+	4
93% to less than 97%	A	
89% to less than 93%	A-	3.7
84% to less than 89%	B+	3.3
80% to less than 84%	B	3
76% to less than 80%	B-	2.7
73% to less than 76%	C+	2.3
70% to less than 73%	C	2
67% to less than 70%	C-	1.7
64% to less than 67%	D+	1.3
60% to less than 64%	D	1
Less than 60%	F	0

Declaration of Honor

- For a student to achieve the declaration of honor, he has to fulfill the following conditions:
- Maintain a cumulative GPA of 3.3 throughout his study at the Program and any semester GPA should be higher than or equal 3.3.
- Does not fail any course throughout his study at the Program.
- Did not get any penalty throughout his study at the Faculty

Enrolment requirements

- The Faculty of Engineering, Ain Shams University is a Public University. It offers Higher Education in Specialized Programs for Free (Scholarship from the Government) based on the Egyptian Constitution. The students who benefit from this Free Education are those who have completed The Egyptian High School Diploma (Thanaweya Amma) or equivalent, and enrolled to the Faculty of Engineering through the National Coordination Office in the same year of achieving this Diploma or equivalent. The student keeps his Free Education as long as he fulfils the conditions mandated by the Egyptian Laws for Universities and these Bylaws.
- All Programs in these Bylaws are offered with the Credit-Hour System.
- Programs in these Bylaws are divided into two categories: Specialized and Inter-Disciplinary.
- The Free Education students are allowed to be enrolled in the Specialized Programs, whereas the Inter-Disciplinary Programs (previously known as New Programs) have separate Tuition Fees decided by the Faculty Council every year.
- Students who are not enrolled directly to the Faculty of Engineering, Ain Shams University, through the National Coordination Office, but has achieved the minimum Engineering Sector requirement, can join the InterDisciplinary Programs paying the separate Tuition Fees decided by the Faculty Council every year.
- Students who are enrolled directly to the Faculty of Engineering, Ain Shams University, through the National Coordination Office, can join the InterDisciplinary Programs paying the separate Tuition Fees. The Council of the Faculty of Engineering, Ain Shams University can award extra scholarships for students who have achieved a minimum GPA, or students with limited financial abilities, according to the rules announced by the Council every year.
- The top Thirty students in the Egyptian High School Diploma (Thanaweya Amma –Mathematics Section), are fully exempted from paying any tuition fees if they join the Interdisciplinary Programs students. To maintain this exemption in the following semesters, the student should maintain a minimum GPA of 3.3 in every semester, otherwise the student will lose this privilege and the other rules will apply.
- If the Free Education student fails to achieve a minimum Semester GPA of 2.0 for 4 consecutive main semesters, he can be exceptionally allowed to register courses for 2 more semesters paying the separate Tuition Fees decided by the Faculty Council at the year of registering the course.
- If a student enrolled in any of the Specialized Programs fails a course two times, he is allowed to register this course again for 4 more times paying the separate Tuition Fees decided by the Faculty Council every year at the year of registering the course.

- Free Education students can only register courses in the main semesters. However, they can register courses in the summer semester paying the separate Tuition Fees decided by the Faculty Council every year at the year of registering the course.
- Free Education students have to register a minimum of 12 Credit hours every main semester.
- Free Education students are allowed to register in the required courses to achieve the degree awarding requirements for his program. Any registered Credit Hours beyond the Program required Credit Hours for any reason is charged the separate Tuition Fees decided by the Faculty Council every year at the year of registering the course.
- Any student not enrolled to the Faculty of Engineering, Ain Shams University can register any number of courses paying the separate Tuition Fees decided by the Council of Ain Shams.

Program Study Duration

- The minimum allowed study duration is nine main semesters.
- The maximum allowed study duration is twenty main semesters (ten years), which does not include frozen semesters for reasons accepted by the Faculty of Engineering Council, after which the student is dismissed from the programs.

Degree Awarding Requirements

- To obtain the Bachelor of Science Degree in Engineering, the student must successfully complete the required Credit Hours in one of the programs according to the requirements stipulated in Part D, with a GPA at graduation of at least 2.0.
- The student must pass all zero-credit courses in his Program.
- A graduation project is an essential part of all the programs requirements for graduation. The graduation project may be completed over two successive semesters, as per the program requirement, and the student will not graduate unless he fulfils the project pass requirements. The student must earn at least 130 Credit Hours to register for the graduation project. If the project is divided along two semesters, the student must register them in their order.
- The student must perform Field Training for 12 weeks during his study duration.
- The student can study a number of courses in another University which has a cooperation agreement with Ain Shams University regarding the transfer of Credits. This requires prior approval from the Faculty of Engineering, Ain Shams University. The Credit Hours of these courses are included in the student's graduation requirements, provided that the total Credit Hours of these courses do not exceed 68 Credit Hours.
